

"I have been coming to Dr. Kokai for years. I have moved 25 minutes away and I will not find a closer dentist. HE always has the most updated equipment. He has never hurt me and I am a big baby. The office followed up with 'How are you feeling?' calls. The girls are wonderful and Dr. Linda is great! I have had it all, fillings, root canals, crowns. My daughter has also had a lot of dental work there.. I recommend this dentistry office to everyone. P.S. the goody bags after cleanings are a plus!!! Thank you Angie for recommending Care Credit alternative financing!
